Al Sika Building Materials Trading LLC

We, Al Sika Building Materials Trading LLC, (ABM), is a metal components supplier for various industries, is supported by our sister concern, a manufacturer & exporter based in India, APC.

With our 20 years Manufacturing experience, we are specialized in Designing, Tooling, Serial Production & Surface coating / Finishing.

Our Strength Lies in manufacturing customized components confirming to clients specification and to highest quality standards.

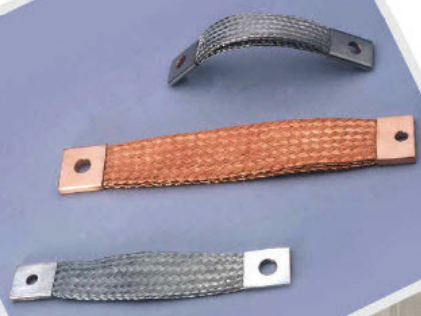

We have more than 20 years' experience in SUSPENDED CEILING SYSTEM ACCESSORIES market.

Also we do various kinds of stampings, machined, Diecast components out of wide range of materials including Steel, Copper, Brass, Aluminum, Stainless Steel, Rubber etc. serving OEM's like Electrical Switch gear, Home Appliance, Industrial Racking & Construction Industries.

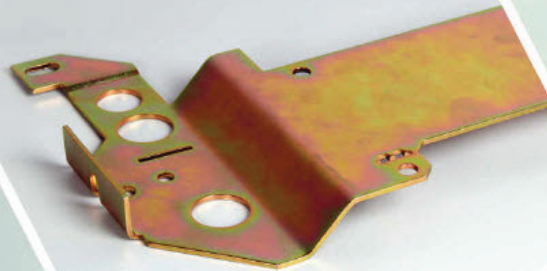

Panel Board Accessories

We offer a complete range of panel board accessories, like Bus bar support, Terminal blocks, distribution blocks, braided copper, Din Rails, Panel locks, Swing handles with keys, cable terminal ends (Cable Lugs), Panel Hinges etc.

Metal Stamped Components

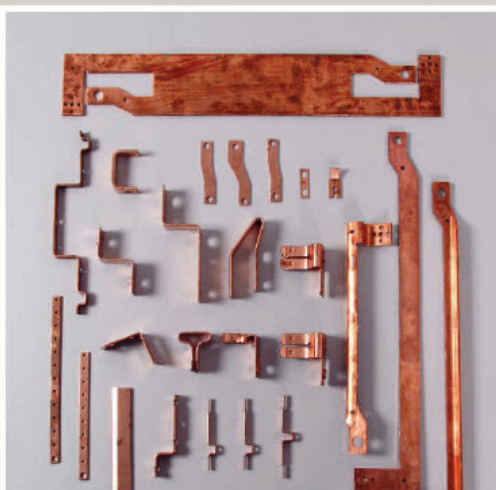

We offer variety of precision ferrous & non-ferrous stamped components for industries like Electrical switch gears, Automobile, Building materials, Petroleum & Gas industries, with different types of surface coatings.

Metal Stamped Components

Brass Components

We offer high quality Brass Compression Fittings, Electrical Neutral Links, Fasteners, Inserts, Forged components, Flare fittings, Pipe Fittings, Hose barbs, Garden hose fittings, Push-on hose barbs, Air brake hose tails, Swimming pool hardware & customised brass components.

Industrial Fasteners

We have variety of MS, High tensile, Stainless Steel, Alloy Steel and special purpose fasteners mainly used in petrochemical industries. In addition we also cater to Electrical, Automobiles, Machine Tool, Railway, Power Steel Industries, Fertilizer Plants, etc. Some of our products are Hex Nuts, Flange Nuts, Nylon Insert Nuts, Wheel Nuts, Hex bolts, Socket Hex Bolts, T- Nuts, Washers, Thread rods, Machine Screws, Wood Screws, Drywall Screws, Chip Board Screws, Self Tapping screws etc. All our products confirm to ASTM, BS, ISO, ISS, GB, DIN, JIS & ANSI specifications.

Plastic Moulded Components

Our wide range of plastic moulded components, with raw materials like ABS, PA, PC, HDPE, LDPE, PP, PS etc. which are used in industries such as switch gears, electronic, mechanical, control panels, electrical and automobile industry.

CNC Turned & Machined Parts

We offer CNC Turned & machined components, with high level of accuracy and precision, for industries like automobile, electrical, agricultural, and lighting & machinery building as per customer requirements.
